

the Hastings...that would be an obvious that that would be reduced. You do not have an appreciable reduction, obviously, in the overhead cost because they are there, those institutions, but you do have a reduction in the day to day cost of an inmate. It seems...I forget the number.

SENATOR LYNCH: Could I ask one more question, Mr. Speaker?

SPEAKER BARRETT: Certainly.

SENATOR LYNCH: Do you think that would amount to about \$100,000?

SENATOR WARNER: Pardon?

SENATOR LYNCH: Do you think that would amount to about \$100,000?

SENATOR WARNER: Well...

SENATOR LYNCH: Well, the relative savings in the other institution costs on an ongoing basis in General Funds, do you think that would amount to about \$100,000?

SENATOR WARNER: It runs about 3,000, 2,800 to \$3,000 per person for the food and clothing costs. So wherever they are, you know, if they are taken out of wherever they are now and placed there, why you would have that reduction in that budget and it would show over at the Hastings facility. That would be correct.

SPEAKER BARRETT: Have you finished, Senator Lynch? Thank you. Senator Warner, you are the only other light on, would you care to make a closing statement?

SENATOR WARNER: Mr. President, I should also add that the...as you all know, the Governors also make recommendations on deficits and all of these proposed appropriations within the bill were included in those lists of recommendations on the part of the Governor's office.

SPEAKER BARRETT: Thank you. I propose the question, shall the Appropriations Committee bill, LB 449, be advanced to E & R Initial? Those in favor vote aye, opposed nay. Have you all voted? Please record, Mr. Clerk.
